A TRIBUTE TO OUR PARENTS

“TIME”

The years have come and gone so fast
Suddenly the future has become the past
Yesterday's pigtails blowing in the breeze;
You mended our hearts and our skinned knees.
You watched as we grew and grew
From a size three to a size nine shoe.
Mom saw us through our aches and pains
Taught us how to add and write our name.
Dad provided a firm hand when we would not mind,
And he would make a piggyback ride seem like one of a kind
Through your guidance we have grown older,
Become much wiser and more bolder.
We face tomorrow with some doubts and a little fear,
But we know you are there if we need a shoulder to shed a tear.
We feel there is no need for a Thank You;
A simple smile and I love you will do.
For the time has come to let us go
Though you don't want to face it, you really know;
We're on our own for the very first time;
To solve life's mysteries, riddles, and rhymes.

"WHERE TO NOW?"

"... this is the way it was: a time of joy, then the stirrings of doubt... goodbye to friends, some forever... memories of all the good things, the warm feelings of belonging... search for knowledge revealing frightening new ideas... and now... where to now?"

Recall how it built up? Maybe it began with receiving your "senior ring" — how proud of it you were! Then you were ordering your invitations and cap and gown. Applications to colleges or for employment were being filled out. Your high school yearbook finally came off the press and you anxiously anticipated collecting as many signatures of classmates and teachers as possible. Memories of the prom still lingered in your mind and senior papers were due. When you graduated, you joined the company of thousands of others who stand with diplomas in hand, asking the question, "... and now... where to now...?"

Dina, (T-Box)

To one of my very closest & best friends.
We have had a lot of good times together. Remember
when we were little and stayed with Mother
Pop. We always were close then and still are
close now. Remember all the times we were
cowboys and Indians and when we would
climb the old tree on the hill that Pop didn't want
us to. Remember how we used to sneak around the
house to get some water out of the air conditioner
bucket to make mud with. Remember how we used
to paint the tree with mud and remember when
Mother would take us fishing! Remember our child-
hood memories.

Love
Dina (T-Box)
